 - Emergency operations
 - Live saving activities
 - Relief distributions
 - Cluster activation
- Recovery, Rehabilitation and Reconstruction

Challenges

- Provisional: Lack of provisions and having few policy dilemma.
- Institutional: Very few/non representatives at the Councils, committees and institutional decision support system.
- Operational:
 - Lack of delineation of roles and responsibilities within three tiers of government.
 - Local Administration Vs Local Governments
- Behaviors: Hesitation to working together with Non-Governmental Stakeholders.

Way forward

- Formulate policy provisions as required.
- Avoid jurisdictional zig zag.
- Delineate of powers between three tiers of government.
- Collaborate with academia, media, CBOs, volunteers.
- Mobilize humanitarian agencies.
- Establish system of situation tracking, monitoring and getting feedback.
- Working together among government, non-government, private sector for DRRM.

Thank you!
